

CLEANTECH IMPACT ACCELERATOR

Funded by:

A tailor made programme for
cleantech entrepreneurs who
want to make a **difference** in
the food industry

Meet the corporates:

WHAT YOU GET

Would you like to further **develop your business** together with corporates and entrepreneurs from Denmark and Sweden?..

..Tap in to a **network** of people, activities and possibilities for development and funding both in your region - and internationally?

Then Get in touch or sign up directly for the Cleantech Impact Accelerator's first round and get a chance to be selected.

The participants will get:

- Personal mentor and individual learning targets
- Workshops and boot camps on how to develop your business

Tailor-made Training

- Access to, and insight into, the Food Industry's needs, visions and practical reality; Arla Foods, Tetra Pak, Alfa Laval (your potential clients)

Customer insight

- Practice and perfect your pitch-deck for potential clients and/or investors
- Access to potential funding and investments

Potential investment

- Possibility to get a technological consultation of your idea by an expert*
- Proof of concept

Technical validation*

*Technological consultation is tailor-made to the technology and is for free, but may come with a cost if the standard set-up of scouting expert and a ½ hour meeting is not enough.

WHO CAN APPLY?

- Entrepreneurs and start-ups from Denmark, Sweden and Norway (primarily)
- The company must be < 3 years (counting from registration date)
- The company must have less than 10 employees

Make sure you work with technologies that fit food & agro production: E.g. Transportation, Water & Wastewater, Air & Environment, Materials, Manufacturing/Industrial, Agriculture, Recycling & Waste and more.

We would also like to invite you to sign up for our [web platform](#) to keep updated on funding and other relevant possibilities and information already now (*this platform is not restricted to selected start-ups*).

WHAT IT TAKES

- A technology which can support the transformation of the food sector
- Participation at Boot Camp, Corporate Day, Pitching Day and preparation for these
- Some technological validation comes at a cash cost (is optional)

PROCES AND PRACTICALITIES

20 entrepreneurs and start-ups are selected in the first round to participate in the development programme (March-September 2020) in March 2020.

You sign up to the Cleantech Impact Accelerator programme through our web-based application form. Remember, the selection panel only sees what you submit so make sure you're to the point!

DEADLINE: 8th of March.

[Sign up HERE!](#)

In the selection process, a panel of business development experts and technological experts will select the most promising participants based on:

The innovation level of the technology

The potential impact of the idea for the corporate or society

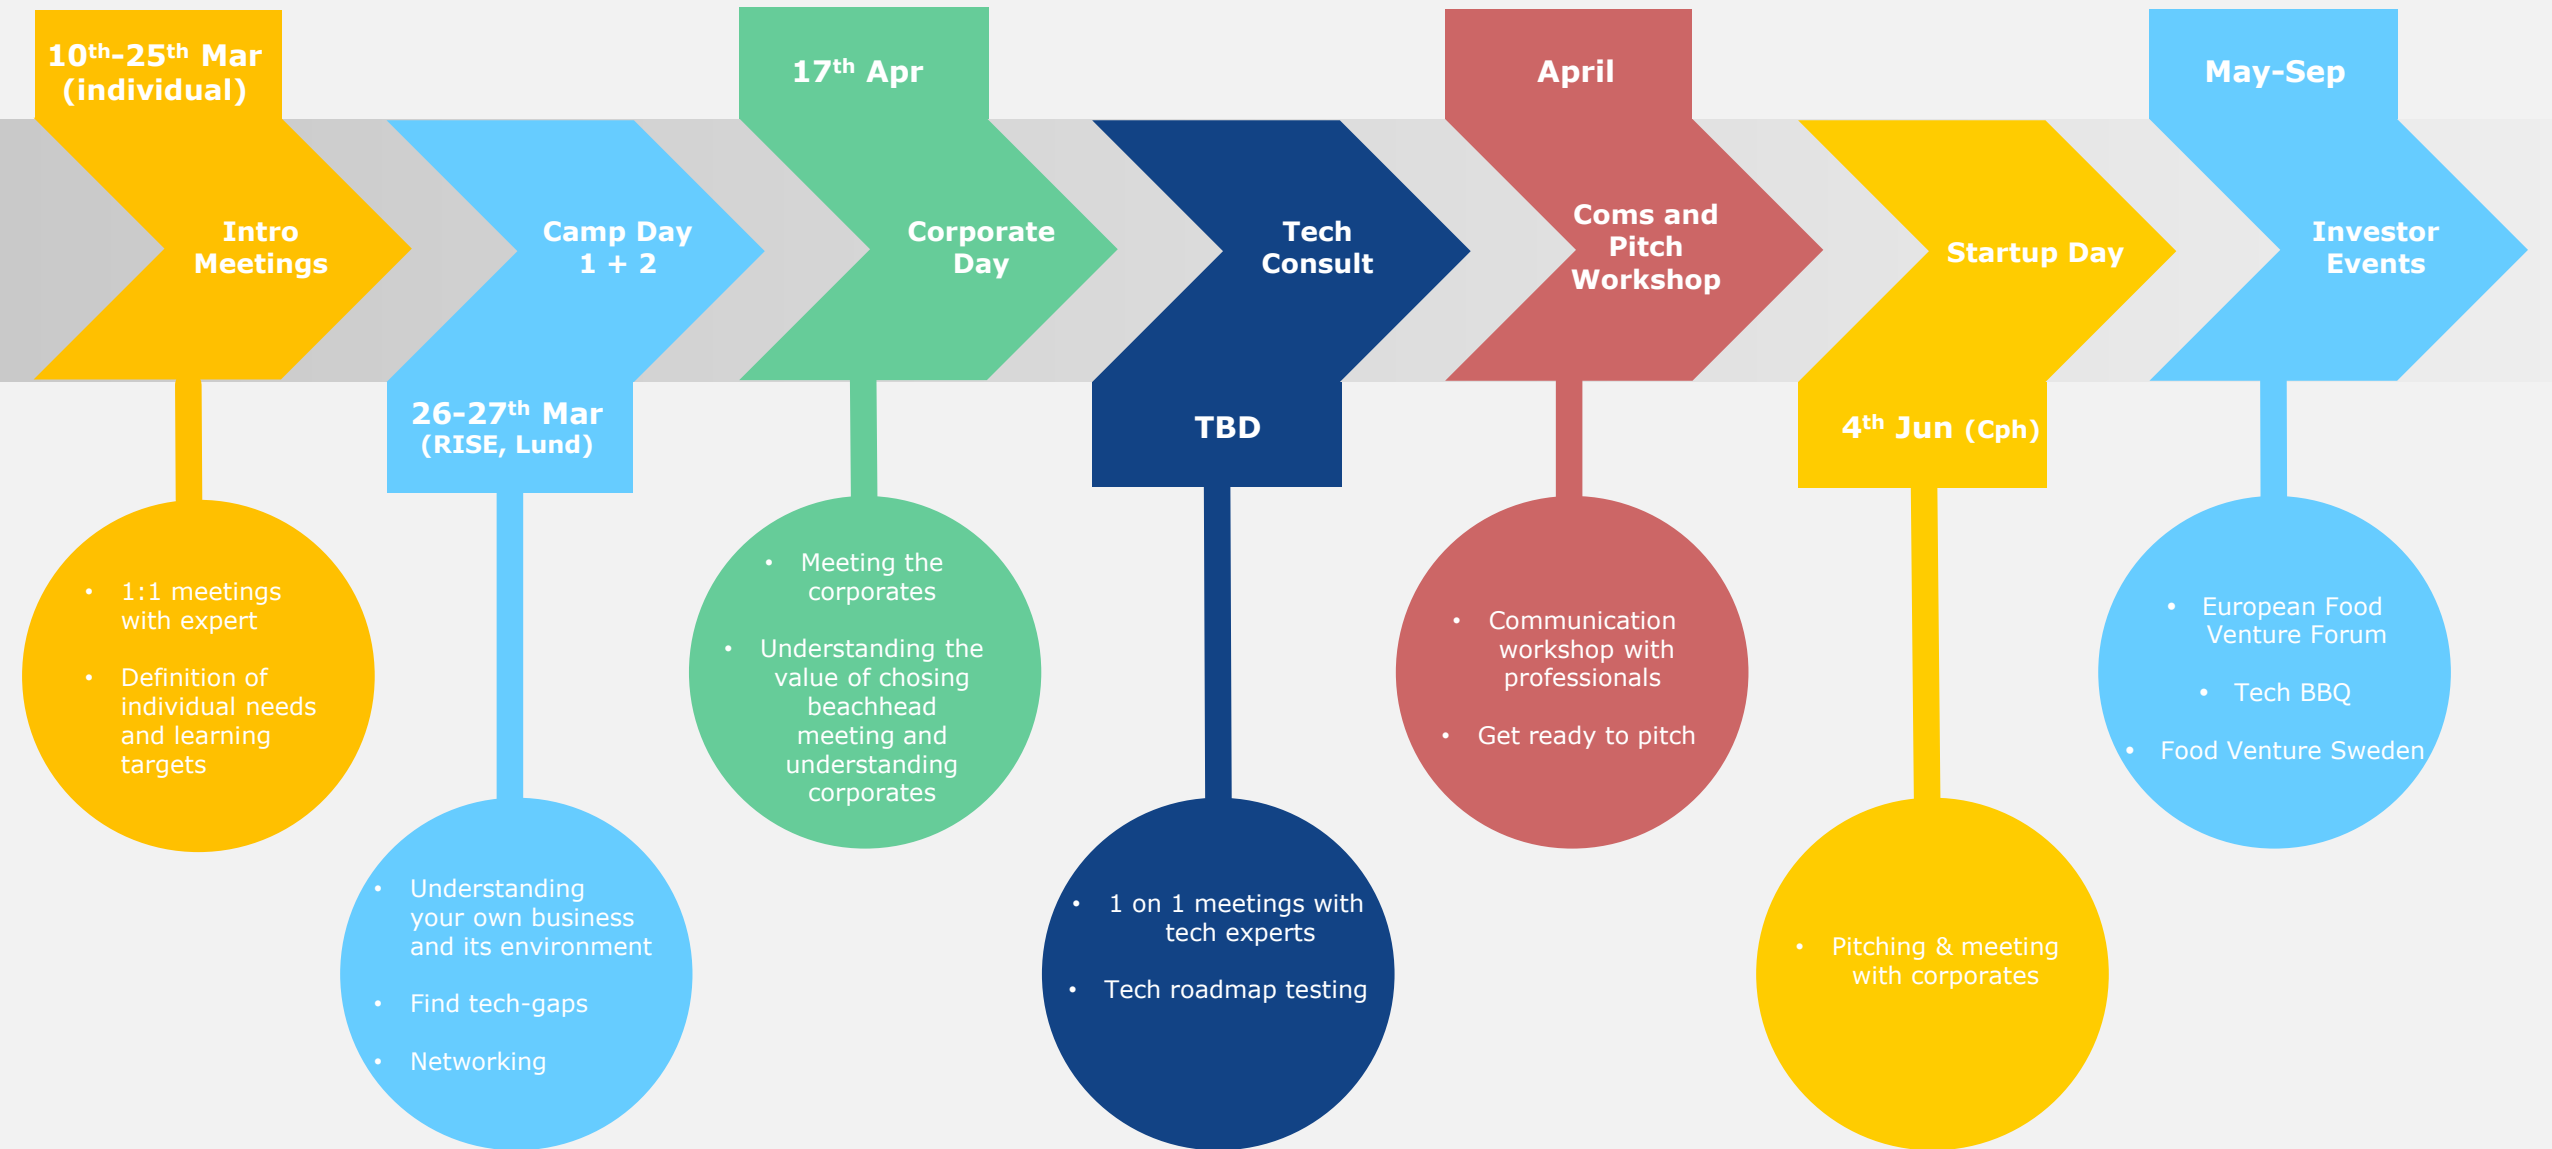

The possibility of the business to succeed and create jobs in the Øresund Region

The team
